Costs and reimbursement

From within the Netherlands

Franciscus has agreements with all of the health insurers. Franciscus will submit the incurred costs to your health insurer. These will be reimbursed from your basic health insurance policy. You may still have to pay your statutory deductible. In that event, your health insurer will send you an invoice for this. It's a good idea to inquire about this in advance.

From the Netherlands Antilles

Please contact Holland Intercare. They'll help you claim the costs of the holiday dialysis.

From within Europe

To claim the costs of your treatment, Franciscus will need your European Health Insurance Card (EHIC). This card entitles you to medically necessary care during your temporary stay. Please provide us with a copy of both the front and back of your EHIC card. Do you not have an EHIC card? If not, you'll pay your treatment costs directly to Franciscus (at the visitor rate).

From outside of Europe

Patients coming from outside of Europe for dialysis treatment in the Netherlands will be charged the visitor rate.
